USB CHARGEABLE TRACKING DEVICE

The Urban Tracker is a small and discreet device that has the ability to geo-localize whatever has value for you. That includes objects, pets, loved ones and your bike. Its innovative technology makes it reliable in open air as well as in a closed environment where standard GPS devices often fail. The location of the device is calculated using the mapping of visible network transmitters, using geolocation details available from public and private information sources. As mobile networks are visible in both indoor and outdoor environments, the Urban Tracker works in both cases. Needs no registration/credit card. Works out of the box, with its yet embedded SIM. Includes 200 free Geolocation report messages, buy others only when needed. With the free app, available from the App Store for Apple or Google Play for Android mobile applications you will be able to locate and trace the position of all your goods, even with more than one Urban Tracker. The Urban Tracker measures only 55mm x 65mm x 19mm, small enough to find a place to mount it.

CARRERA POWERBANK WITH LED FLASHLIGHT

A power bank is a great power backup for all your electronic devices, such as mobile phones, navigation devices, camera or tablet. This one can charge two devices simultaneously as it has a dual power output of DC 5 Volt with 1 or 2.1 Amps. It features 10,000 mAh Lithium Ion batteries, as well as a digital backlit display showing battery status and a bright shining LED flashlight. The Carrera Powerbank charges from a normal

USB port or any standard DC 5 Volt 1A USB power adapter with the supplied cable (power adapter not included). Fits easily in your pocket when you are on the road, as it measures just 71x106x22 (2.8"x4.17"x0.866") and weighs only 250 gram. Comes complete with a USB cable with adapters for most devices. (Does not come with Apple Lightning adapter, but does work with USB to Lightning cable that comes with Apple devices).

BURLY BRAND VOYAGER LUGGAGE

The Voyager luggage line is for riders that are looking for more stylish utilitarian luggage options. Burly's detachable Saddlebags, Tool Roll, Roll Top Backpack, Tank/Tail Bag and Magnetic Map Tank Screen are constructed from 500gsm wet waxed UV treated cotton canvas with leather paneling and straps that will age and show character over time.

Single Saddlebag

A durable reinforced internal frame helps the bag keep shape whether it is empty or packed to the brim. The roll top Closure and Snap/Velcro Road Shield system keeps the wind and rain out. High quality speed buckles and zippers with metal Burly embossed button, as well as an "Anti-Flail Snap System" keep everything secure. The quick release pin-lock bracket allows the saddlebag to be easily and quickly removed.

747903 Burly Voyager single saddlebag

Tank/Tail Bag

Has an easy magnetic on-'n'-off system reinforced with safety securing D-ring anchor points for mounting. If want the bag out of the way, it's equally at home on the tail and includes a tail mounting accessory flange that clips to the back of your seat. It also has a magnetic removable map/accessory screen that sticks either to the bag lid or directly to the tank. The map screen holds any variety of smart phones, small tablets, and even some

GPS units. The bag features two exterior zipper pockets and a pass-thru port for motorcycle charging accessories so you can keep your smart phone, tablet or go-pro powered up on a long ride. Park your bike and take the bag with you in seconds using the convenient carry handle; either directly off the tank, or via the 4 high quality speed buckles that are part of the bag's "Anti Flail Snap System" on the tail.

747904 Burly Voyager Tank/Tail bag

Back Pack

Featuring a fully padded interior with a partition for a 15" laptop, auxiliary port, Burly flannel straps, leather exterior panels for support, and a variable height snap closure. High quality speed buckles and zippers with metal Burly embossed button, as well as an "Anti-Flail Snap System" keep everything right where you want it at speed. Large front zipper pockets provide the storage needed for loose items. This is your favorite bag to grab and go.

747905 Burly Voyager Back pack

Tool Roll

The tool roll features eight-pockets in three widths to accommodate multiple tools sizes and include a catch-all zipper pocket for any of the small bits. High quality speed buckles and zippers with metal Burly embossed button, as well as an "Anti-Flail Snap System" keep everything in this tool roll secure. The adjustable quick release mounting system works on handle bars, sissy bars or as a side frame mount. Tools not included.

747906 Burly Voyager Tool Roll without tools

Magnetic Map Tank Screen

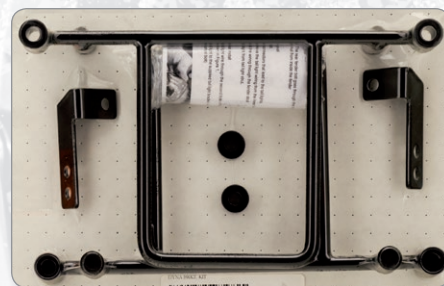

With its innovative stretch screen design, it will hold a vast array of smart phones, small tablets and even GPS units. The screen will stick directly to the gas tank via padded magnets.

ARLEN NESS

ARLEN NESS DOWN-N-OUT STRETCHED SADDLEBAGS & FENDERS

The Down-N-Out bags are 6" longer and 2" lower than Arlen's original Big Bags. They feature a patent pending taper on the lower section of the bag for an extra 2 inches of ground clearance. These bags are constructed from high quality composite materials and are oven cured over a wide heat range to ensure stability and durability. Each bag has hand placed fibers strategically located to provide the highest structural integrity possible and a maximum strength to weight ratio. No shiny gel coat finish to sand and prime, every part comes finished, primed with a super high quality polyester sanding primer and is ready to paint. Down-N-Out Bags are designed to fit factory lids and hardware (NOT included). The Down-N-Out Fender super stretched fenders are designed to work and flow with the Down-N-Out saddlebags. Constructed with the same high quality composite materials and ready for paint finish, they come with hidden steel fender support brackets and flexible hidden antenna for extra clean installation. Come with exhaust extensions and chrome heat shields. Fenders are available with a US size license plate recess, which include a billet Ness/RWD LED license/taillight assembly with turn signals that mounts in the recessed area of the fender. Also available without license plate recess and taillight assembly.

CIRO LIGHTED SADDLEBAG EXTENSIONS

Give your bike that smooth, lower, custom look with the Ciró Saddlebag Extensions. Built by real riders, these saddlebag extensions were designed to maintain lean angle clearance so you don't need to make any compromises in the corners. Manufactured from the same ABS material as your original equipment bags; these extensions are tough and built to last. Increased visibility and style with LED lights on the sides and back to make sure you're seen from all angles. Works as running-, turn-, and brake lights on US Domestic models, and turn & tail light on HDI International Export models. The run/turn/brake function on HDI International Export models can be activated with the separately available Elektronik Trick Box ZPN 749510.

SUMAX HORIZONTAL SADDLEBAG SUPPORT BRACKET

Sumax horizontal saddlebag support brackets are made of cold-rolled steel, then powder-coated in a high-gloss black finish and come with stainless steel fasteners. They are used to give a firm side to side support when a custom rear fender is used. Fits 1997 thru 2008 Touring models.

751290 Horizontal saddlebag support

ZODIAC'S CHROME SADDLEBAG SUPPORTS FOR TOURING MODELS

Easy to bolt on and a perfect chrome finish are the characteristics of these saddlebag support kits. Available for most FLH and FLT series Touring models 1985 to present.

Fits all 1985 thru 2008 FLH and FLT series Touring models equipped with OEM saddlebag guard kits

302261 Replaces OEM 49184-85 & 90781-93 supports

Fits all 1997 thru 2008 FLH and FLT series Touring models, stock on 2004 thru 2008 FLHRS, FLHX and FLTR models. Eliminates the stock front saddlebag guards

302264 Replaces OEM 46565-04 support kit

Fits 2009-2013 FLH and FLT series Touring models except FLHRC and FLHTCUSE, stock on 2009 to present FLHX and FLTR's. Eliminates the stock front saddlebag guards, does not fit with saddlebag filler strip kits

SADDLE BAG BRACKETS FOR SOFTAIL & DYNA

These saddle bag brackets allow you to install both stock and aftermarket 1993 thru 2013 or 2014-up style hard or soft luggage designed for Touring models. Brackets feature Dzus receptacles to run the stock 1/4 turn fasteners. They mount to the fender rails and behind the passenger peg. Softail brackets measure 13 1/2" (343mm) from the mounting hole on the fender strut to the bottom of the support. Dyna style brackets are a one-piece design that makes installation easy. Works with both fixed mount and detachable sissy bars but does not work with rear crash bars.

Note: That on lowered bikes, where the rear axle nut is above the bracket, the rear axle nut will damage your bags. Installation requires turn signal relocation on all models except FLSTN De Luxe.

751302 Fits all 1985-2017 Softail, except FXSTD Deuce, FXCW and FXCWC Rocker, FXSB Breakout and FLSTSB Cross Bones

751303 Fits 2018 to present Softail

752465 Fits all 1991-2005 Dyna

752466 Fits all 2006-2007 Dyna

752467 Fits all 2008-2017 Dyna

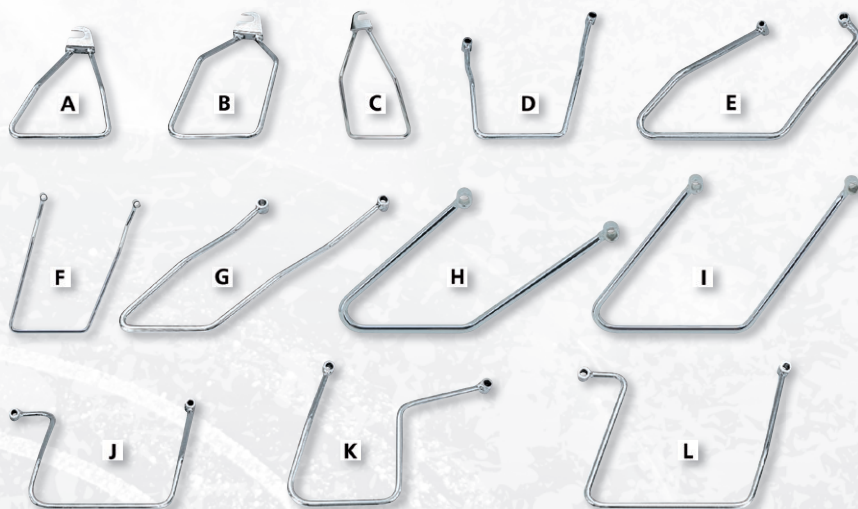

HEAVY DUTY SADDLEBAG SUPPORTS

These Heavy Duty saddlebag supports are 15% thicker than the stock items for added strength. They mount with the stock hardware and are sold in pairs for left and right in your choice of chrome or black. Fits all 1985 thru 2008 Touring models, replaces OEM 90718-79C (left) and 90120-79C (right).

**CHROME SADDLEBAG SUPPORTS**

Leather saddlebags are more than just an accessory, for travelers it's a necessity. Take care that bags do not come into contact with rear shocks or calipers as this may result in damaged bags, chrome or paint. Zodiac has three different styles available, quick removable Zip-Off, Slim-Lines and Wide-Bodies. All three style supports have a perfect chrome finish.

Zip-Off style supports are very easy to "put on and take off" the bike and designed for those that only want them on when needed.

302111 [A] Fits all 4 Speed Big Twin 1958 thru 1986 (not Softail)

302110 [B] Fits 5 Speed Softail 1986 thru 1999 (not Fat Boy and FLSTN)

302257 [C] Fits all Softail 2000 thru 2011, except FXSTD Deuce, 2007 FXSTC, 2007 thru 2011 FLSTF and Rocker

Slim-Line supports are designed to stay on your bike even when the saddlebags are taken off. They keep your bags away from shocks and calipers. Supplied in pairs.

302112 [D] Fits Sportster 1982 thru 1993, requires turn signal relocation on 1990 thru 1993 models (OEM 90799-86)

302114 [E] Fits Sportster 1994 to present, except XL1200S and XL883R, requires turn signal relocation (OEM 90799-94)

302113 [F] Fits 4 Speed FL and FX 1971 thru 1986, except Softail (OEM 90584-85)

302116 [G] Fits all Softail 1984-1999, requires turn signal relocation (except FLSTF and FXSTD) (OEM 91790-84)

302256 [H] Fits all FXST Softail 2006 thru 2017 and FLSTF Fat Boy 2007 thru 2017

302258 [I] Fits FXST Softail 2000 thru 2005 and FLST Softail 2000 to 2007. Does not fit FXSTD Deuce and 2007 thru 2017 FLSTF Fat Boy

302115 [J] Fits all Dyna Glide 1991 thru 2017 except Wide Glide, requires turn signal relocation on all 2001 thru 2017 models except FXDX (OEM 90589-91C)

Wide-Body supports are designed for those that leave saddlebags on at all time. They give your bike a fatter look from the back. Wide-Body saddlebag supports come in pairs.

302117 [K] Fits FX and FL 1971 thru 1986, except Softail (OEM 90584-85)

302119 [L] Fits all Dyna 1991 thru 2017, requires turn signal relocation on all 2001 thru 2017 models except FXDX (OEM 90589-91C & 90593-93)

NEVER RUN OUT OF GAS AGAIN WITH THE REDA JERRY CAN FOR BAGGER BAGS

If you have ever had that sick feeling of running out of gas in the middle of the night without knowing where the next gas station is or when you do not want to find out, the REDA Gas Can is a must-have for you. The Reda jerry can is designed specifically for your Harley-Davidson saddlebags. Your riding pleasure and confidence goes way up knowing you have an extra gallon (almost 4L.) of gas sitting in one of your bags in case of that possibility of running out. As the Reda Gas Can fits left as well as right side saddlebags you can even take two of them, extending your driving range with an incredible 70 to 80 miles (110 to 130km). They are Custom made to fit perfectly in that "hard to reach" back corner of the bag, so they hardly take up any space. The spill proof pouring spout sits under the cap inside the can, so it is there when you need it. The REDA Gas Can is EPA and CARB certified. Meeting these standards makes this gas can 100% vapor proof and 100% spill proof, so there is no need to worry about fumes or gas in your bags.

GUARDIAN BELLS

Legend has it that Evil Road Spirits have been latching themselves onto motorcycles for as long as there have been bikes on the road. These Evil Road Spirits are responsible for mechanical problems and bad luck along a journey. Legend goes on to say that by attaching a small bell onto your bike, the Evil Road Spirits will become trapped inside the bell where the constant ringing drives them insane, making them lose their grip until they fall to the ground. So now you know where potholes come from. Legend also has it that the mystery of the Guardian Bell carries twice as much power when it is purchased by a friend or loved one and given as a gift. Show someone how much you care. Offer them defense against the Evil Road Spirits! Give a Guardian Bell and share the Legend of Good Luck it offers to a motorcycle and its rider!
