SAMWEL BLACKOUT FENDER LIGHT FOR WLA

Replica front fender auxiliary Blackout light for 1942-1952 WLA models. Sold as an assembly with mount stud, wiring and hardware. Military green finish, also known as "olive drab".

782958 Blackout fender light for WLA (OEM 4901-41M)

FRONT FENDER INSTALLATION KIT

Universal brackets for custom fitment of a front fender are 2mm thick raw aluminum that can easily be bended to suit your needs. Holes to fit them to the lower fork legs must be drilled. Includes metric hardware to bolt your fender to the brackets.

755791 Front fender installation kit

FRONT FENDER SKIRTS

These extensions install easily on the stock front fender and help to keep grime and dirt from your engine.

Fits 1949-1984 FL & FLH models

769088 Lower front fender trim with hardware (OEM 59233-76)

Fits 1980-1996 Tour Glide and 1986-2017 Softail Deluxe, Fat Boy, Heritage, Heritage Classic & Nostalgia

769089 Chrome lower front fender trim with hardware

VINTAGE MODEL MUD FLAP

Replica mud flaps as found on 1926-1949 45CI and Big Twin models. Mounting hardware kit must be ordered separately.

781320 Mud flap mounting kit, black parkerized, Colony

782812 Brown leather mud flap (OEM 3757-26, 59235-26)

782813 Black rubber mud flap (OEM 3757-26, 59235-26)

BOBBER REAR FENDER INSTALLATION KIT

This kit mounts a universal hardtail style rear fender on a swing arm, providing the hardtail looks in conjunction with rear suspension. Kit includes metric hardware, two raw steel strips to fit the rear of the fender near the rear wheel axle and a raw steel weld-on bracket to fit the fender on the pivot side of the swing arm. Made in the Netherlands by Westland Customs.

755779 Bobber fender installation kit
