# ENGINEERED EXCELLENCE

# PART NUMBERS

**BEST: HEAVY DUTY PLATINUM - FULL SYNTHETIC**  
Engineered specifically for American made V-Twin high-performance engines. Formulated with Group IV True Synthetic base oils and the most advanced motorcycle-specific, detergent-dispersant, anti-wear, anti-carbon packages available.

- Batch-blended and engineered to handle the unique demands of V-Twin engines
- Dramatically increases throttle response and horsepower
- Runs cooler by greatly reducing internal friction
- Resists oil consumption, even at extreme oil temperatures

**BETTER: HEAVY DUTY GOLDEN - SEMI-SYNTHETIC**  
The ultimate Semi-Synthetic engine lubricant designed specifically for use in American made V-Twin engines.

Spectro's proprietary combination of world class Group IV synthetic lubricants, superior base stocks and the most advanced motorcycle-specific, detergent-dispersant, anti-wear, anti-carbon packages available.

- A proven batch-blend of premium synthetic and petroleum base oils
- Excellent internal cleanliness and wear protection
- Lowers engine operating temperatures
- Resists oil consumption, even at extreme oil temperatures

**GOOD: HEAVY DUTY - PREMIUM PETROLEUM**  
Designed specifically for use in American made V-Twin engines. Crafted from superior petroleum base stocks and combined with the most advanced motorcycle-specific, detergent-dispersant, anti-wear, anti-carbon packages available.

- Batch-blended from premium low carbon petroleum base stocks
- State-of-the-art additives prevent internal engine wear and carbon buildup
- Resists oil consumption, even at extreme oil temperatures
