2019 MOTORCYCLE ACCESSORIES

NEW

LATITUDE TAIL LIGHT & LICENSE PLATE HOLDER

Ciro® lighting for the rear end of Harley-Davidson® Touring bikes has arrived. Replace the dated look of the OEM Stop/Tail/Turn Light Bar on your Street Glide®, Road Glide® Custom or Road King® Special. The Ciro® Latitude Tail Light and License Plate Holder replaces the entire OEM lighting assembly with a DOT approved L.E.D. Run, Turn, and Brake Light. A curved license plate mount with a sculpted frame featuring hidden fasteners is included.

DOT
APPROVED

HORIZON L.E.D. LIGHTED WINDSHIELD TRIM FOR ROAD GLIDE®

The Ciro® Horizon L.E.D. Lighted Windshield Trim adds bright white L.E.D. running lights and amber sequential turn signals to the front of your bike in the cleanest way possible. The L.E.D.s and hardware are both hidden behind a masterfully designed chrome or black steel trim piece that complements the styling of your Road Glide®.

ZPN	Description
754218	Lighted Windshield Trim (pair) (chrome)
754219	Lighted Windshield Trim (pair) (black)

Fits: 15-Up Harley-Davidson® Road Glide® models.

FANG® L.E.D. SIGNAL LIGHT INSERTS AMBER

The Fang® Signal Light Inserts AMBER are a great way to add modern styling and class to your bike while also increasing visibility. We've engineered the lens to amplify light output for maximum brightness as well as DOT compliance. The result is a super bright, eye-catching amber L.E.D. turn signal.

DOT
APPROVED

754238 Fang® Signal Light Inserts Amber (chrome)

754240 Fang® Signal Light Inserts Amber (black)

ZPN	Description
754238	Fang® Signal Light Inserts AMBER (chrome)
754240	Fang® Signal Light Inserts AMBER (black)

Fits: '00 and later H-D models with bullet turn signals that use an 1156 single circuit bulb. Front fitment; International Models. USA model use 754212 or 754213. Rear fitment; All '00-Up with bullet style signals. Does not fit models equipped with H-D "Stop/Tail/Turn" lights. These motorcycles require 754214 or 754215. Works with aftermarket Run-Turn-Brake controllers. Some models will require a load equalizer to correct turn signal timing.

Touring & Trike: '14-Present H-D Touring motorcycles do not require a load equalizer. '02-'13 Harley-Davidson® Touring motorcycles may require a load equalizer to correct turn signal timing.

Softail: '18-Up H-D Softail motorcycles do not require a load equalizer. '11-'17 H-D Softail motorcycles do not require a load equalizer. '00-'10 H-D Softail motorcycles may require a load equalizer to correct turn signal timing.

Dyna: '12-'17 H-D Dyna motorcycles do not require a load equalizer. '01-'11 H-D Dyna motorcycles may require a load equalizer to correct turn signal timing.

Sportster: '14-Present H-D Sportster motorcycles do not require a load equalizer. '02-'13 H-D Sportster motorcycles may require a load equalizer to correct turn signal timing. If your motorcycle requires a load equalizer we recommend Namz/Badlands Load Equalizers.

FANG® L.E.D. SIGNAL LIGHT INSERTS RED

The Fang® Signal Light Inserts RED are a great way to add modern styling and class to your bike while also increasing visibility. We've engineered the lens to amplify light output for maximum brightness as well as DOT compliance. The result is a super bright, eye-catching red L.E.D. turn signal.

754241	Fang® Signal Light Inserts RED (black)

Fits: '00 and later H-D models with bullet turn signals that use an 1156 single circuit bulb. Does not fit models equipped with H-D "Stop/Tail/Turn" lights. These motorcycles require 754214 or 754215. Works with aftermarket Run-Turn-Brake controllers. Some models will require a load equalizer to correct turn signal timing.

Touring: '14-Present H-D Touring motorcycles do not require a load equalizer. '02-'13 H-D Touring motorcycles may require a load equalizer to correct turn signal timing.

Softail: '18-Up, '11-'17 H-D Softail motorcycles do not require a load equalizer. '00-'10 H-D Softail motorcycles may require a load equalizer to correct turn signal timing.

Dyna: '12-'17 H-D Dyna motorcycles do not require a load equalizer. '01-'11 H-D Dyna motorcycles may require a load equalizer to correct turn signal timing.

Sportster: '14-Present H-D Sportster motorcycles do not require a load equalizer. '02-'13 H-D Sportster motorcycles may require a load equalizer to correct turn signal timing. If your motorcycle requires a load equalizer we recommend Namz/Badlands Load Equalizers.

NEW

BIG ASS™ DRINK HOLDER

The Ciro® Big Ass™ Drink Holder is the perfect way to bring that 30 oz. tumbler on the road with you. The durable neoprene rubber molded net is designed to securely grip your cup so there's no worry of losing it. The rubber is also weatherproof and won't deteriorate in the sun or elements you encounter on the road.

- Designed to work with 30 oz. tumblers and other large bottles/cups
- Made from durable neoprene rubber to grip and last
- Easily removed with ball mounting system
- Many mounting options available for most bikes

ADJUSTABLE PASSENGER COMFORT PEG MOUNTS

NEW

Ciro® Adjustable Passenger Comfort Peg Mounts allow you to provide your passenger with the same freedom of movement and comfort you enjoy with your highway pegs. Your riding partner will love the alternative foot positions that help to make the ride much more comfortable and enjoyable. These mounts work perfectly with stock H-D passenger boards or footpegs and are fully adjustable to suit any rider's height. Great for young passengers.

ZPN	Description

754018 CIPHER™ Air Cleaner

CIPHER AIR CLEANER

The Cipher Air Cleaner has a unique, exotic and clean style that beautifully accents your engine. This kit includes everything you need for a quick and direct bolt-on installation.

- Customizable front blades allow for a wide variety of styles
- Ultra-Flow filter produces a massive 45% increase in air flow over a 2014 OEM air filter
- The innovative design incorporates an OEM style crank case breather

ZPN	Description
754017	Air Cleaner Cipher (chrome/silver)
754018	Air Cleaner Cipher (black/carbon)
754019	Air Cleaner Cipher (chrome/black)
754020	Air Cleaner Cipher (black/chrome)
754264	Replacement Air Filter

Fits: 2008-2016 Harley-Davidson® Touring models.

754017 Cipher Air Cleaner (chrome/silver)

754019 Cipher Air Cleaner (chrome/black)

754020 Cipher Air Cleaner (black/chrome)

TRI-BAR AIR CLEANER

Ciro® Tri-Bar Air Cleaner is a full one and a quarter inches thinner than stock, while flowing significantly more air, your leg will not notice this air cleaner, but your engine most definitely will.

- Ultra-flow filter produces a massive 45% increase in air flow over a 2014 OEM air filter
- Uses stock, OEM Breather 2014-2016
- Works great with 754021/754022 Throttle Body Servo Cover

ZPN	Description
754023	Tri-Bar Air Cleaner (black)
754024	Tri-Bar Air Cleaner (chrome)
754265	Replacement Air Filter
754021	Throttle Body Servo Cover
754022	Throttle Body Servo Cover with Breather

Fits: 2008-2016 Harley-Davidson® Touring models.

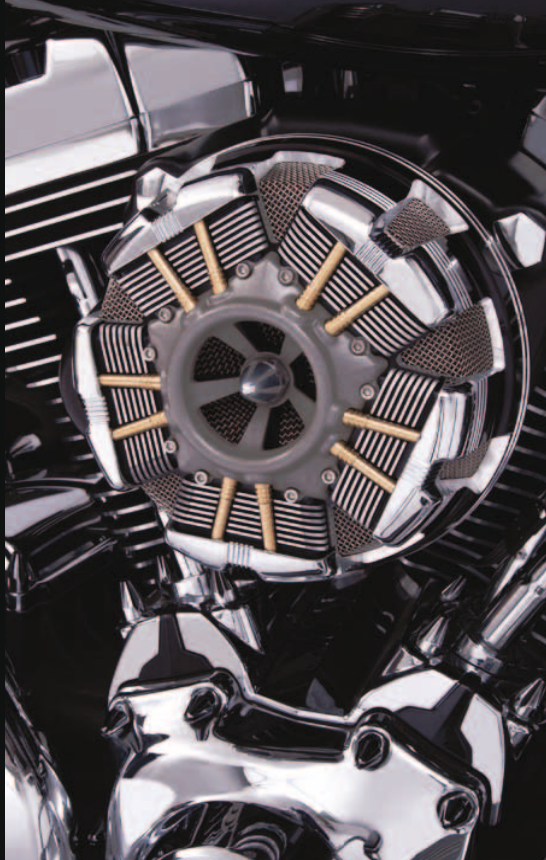

754023 Tri-Bar Air Cleaner (black) with 754021 Throttle Body Servo Cover

754022 Throttle Body Servo Cover

754024 Tri-Bar Air Cleaner (chrome) with 754021 Throttle Body Servo Cover

754025 Radial Air Cleaner (black) with 754021 Throttle Body Servo Cover

**754021 Throttle Body Servo Cover
754022 Throttle Body Servo Cover with Breather**

RADIAL AIR CLEANER

One-of-a-kind design that makes a statement. Inspired by the power and beauty of classic air cooled aircraft engineering. The Radial Air Cleaner is designed for high flow and includes a performance air filter. Aluminum body features brass push-rods and precision machined engine components. Legroom is not an issue as this assembly sits closer to the engine than the stock air cleaner. Available in chrome or black finish.

- Ultra-low profile design for maximum leg clearance
- Ultra-Flow filter produces a massive 45% increase in air flow over a 2014 OEM air filter
- The innovative design incorporates an OEM style crank case breather
- Works great with 754021/754022 Throttle Body Servo Cover

ZPN	Description
754025	Air Cleaner Radial (black)
754026	Air Cleaner Radial (chrome)
754265	Replacement Air Filter

Fits: 2008-2016 Harley-Davidson® Touring models.

754026 Radial Air Cleaner (chrome)

ENHANCES AIRFLOW IN ALL DIRECTIONS!

The base plate and airfoil allows for a low profile without sacrificing power.

THROTTLE BODY SERVO COVER

This cover fits over the stock throttle body, servo motor, and wiring. Its classic design blends with the engine and hides the unsightly bits. Subtle chrome bolt accents evoke the soul of engines past while complementing the modern engine components.

- Stamped steel construction with durable black satin powder-coating
- Uses stock breather assembly for 2014-2016

ZPN	Description
754021	Throttle Body Servo Cover
754022	Throttle Body Servo Cover with Breather

PERFORMANCE

STEP 1: CHOOSE A MUFFLER

MUFFLERS

Ciro® Mufflers offer the ability to customize your slip ons with one of our advanced technology muffler tips. Choose between a sleek megaphone style muffler or a more classic straight pipe. Each pipe offers a deep mellow sound and stainless steel wrapped tuned baffle for optimum performance. Double wall construction on the megaphone mufflers helps to reduce heat in the surrounding area. Available in chrome or black finish.

ZPN	Description

ADJUSTABLE HIGHWAY PEG MOUNTS

Ciro® engine guard Highway Peg Mounting Kits are the modern solution for motorcycles equipped with 1-1/4" engine guards. Ratcheting footpeg clevis is far superior to the "D" spring technology of days gone by, but if you need to use your "D" spring it still works. Available in chrome and black finish with 4" ergonomic extension allowing every size rider the ability to adjust and fine tune their forward riding position. Ciro's exclusive patent pending design is centered around an innovative pinless clamp. It is the strongest and most elegant solution on the market today. Multiple options available including with extension arm, with clevis and with peg mount.

U.S. Patent No. D755,519

ZPN	Description
754110	Adjustable Highway Peg Mount with clevis (pair) (chrome)
754114	Adjustable Highway Peg Mount with clevis (pair) (black)

Fits: Mounts to any 1-1/4" round engine guard.

Note: Works with Ciro footpegs 754126, 754130, 754128, 754132 or any 1/2" Harley-Davidson® style male mount peg.

754110

754114

(Footpeg Not Included)

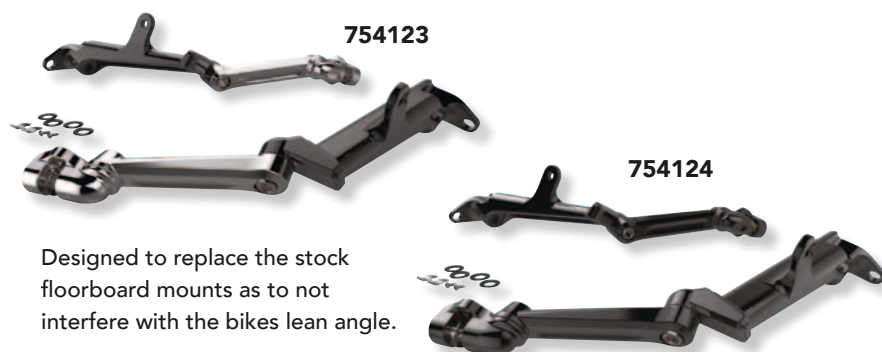

FRAME MOUNTED ADJUSTABLE HIGHWAY PEG MOUNTS

The Frame Mounted Adjustable Highway Peg Mounts are a revolutionary solution to the challenge of adding comfortable highway pegs to a motorcycle with floorboards and fairing lowers. We built a solid foundation by attaching directly to the motorcycle's frame for strength and stability. A fully adjustable arm allows you to customize the peg location to fit your style of riding. The result is the strongest, cleanest looking, and most comfortable highway peg mount available.

ZPN	Description
754123	Frame Mounted Adjustable Highway Peg Mount (pair) (chrome)
754124	Frame Mounted Adjustable Highway Peg Mount (pair) (black)

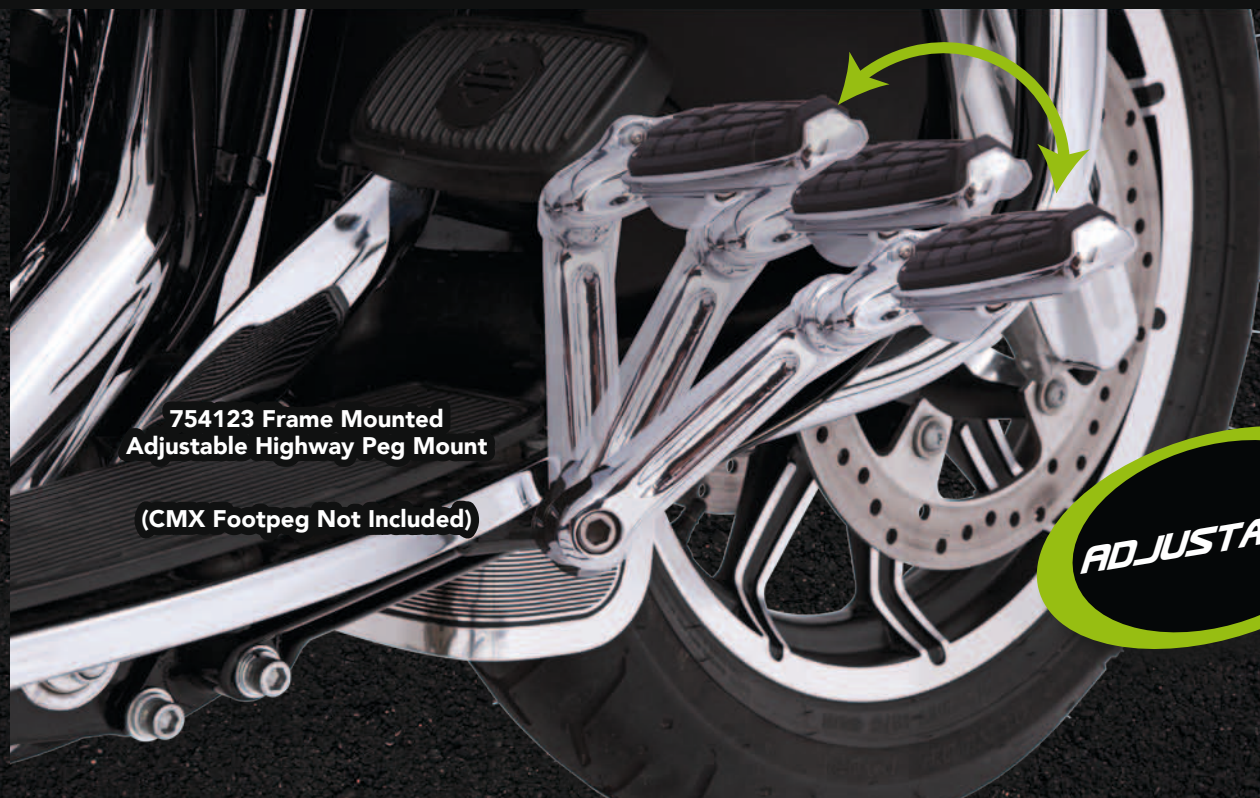

Fits: 2009-Up Harley-Davidson® Touring models, Tri Glides®, and Freewheeler®.

Note: Works with Ciro footpegs 754126, 754130, 754128, 754132 or any 1/2" Harley-Davidson® style male mount peg.

Designed to replace the stock floorboard mounts as to not interfere with the bikes lean angle.

ADJUSTABLE FOR ANY SIZE RIDER. YOU PICK THE LOCATION THAT FITS YOU AND YOUR STYLE OF RIDING.

Fits: 2000-Up FL Harley-Davidson® Touring models except Tri Glide®

FAIRING VENT TRIMS

Ciro® has the most appealing and innovative Fairing Vent Trim on the market today. Plug-n-play light module plugs directly into the stock wiring harness with no cutting, drilling, or splicing—giving you a dramatic light show.

ZPN	Description
754031	Lighted Fairing Vent Trim (chrome)
754032	Fairing Vent Trim (chrome)
754033	Lighted Fairing Vent Trim (black)
754034	Fairing Vent Trim (black)

Fits: 2014-Up Harley-Davidson® FL models with an OEM Batwing Fairing. Doesn't fit CVO painted vent.

754031

FORKINI™ LOWER LEG COVERS & UPPER FORK TIN ACCENTS

The most requested area to improve on a motorcycle has been the lower front forks and Ciro® has the answer with their Forkini™ Lower Leg Covers and Upper Fork Tin Accents. Ciro® has answered with these stylish leg covers available in chrome or black finish and lighted or unlit versions. Easy bolt-on and enhances the look of the motorcycle front end. Plug and play wiring adds run and turn lighting. Bright amber L.E.D. lights look great and increase visibility with additional side lighting. Cover the factory axle nuts with a smooth, clean look. Designed to hide the unpolished rough cast areas the factory forgot. Perforated stainless steel inserts can be used on the unlit version to match the look of your calipers or remove them to show your original reflectors. Upper Fork Tin Accents are a natural addition to complete the look.

ZPN	Description
754051	Forkini™ Lower Leg Covers (pair) (chrome)
754052	Lighted Forkini™ Lower Leg Covers (pair) (chrome)
754053	Forkini™ Lower Leg Covers (pair) (black)

A GREAT COMPLEMENT TO ALL THE CIRO® SHOCK & AWE® PRODUCTS!

754030 Filler Panel Light (black) (with Run, Turn & Brake Lights)

FILLER PANEL LIGHTS

This is the part that the factory forgot. The new **Ciro®** Filler Panel Lights complete the rear end of your '14-Up touring bike by filling the large unsightly gaps with a smooth, flowing chrome or black accent and L.E.D. light. Plug-n-play connector works with your OEM wiring. This part dramatically increases visibility from the rear by incorporating run/turn/brake function with an ultra-bright plasma amber turn signal along with red low intensity running and high intensity brake lights. (Patent Pending)

ZPN	Description
754029	Filler Panel Light (pair) (chrome)
754030	Filler Panel Light (pair) (black)
Includes: Ciro® Can-bus controller. Fits: '14-Up FLHTCU/L Electra Glide Ultra Classic/Low, Road Glide® Ultra, Ultra Limited, FLHTK/L Ultra Limited/Low & FLHR Road King®

INNER FAIRING ACCENTS

Ciro® has set the bar high with the design of their Inner Fairing Accents. Mix and match with the Dash Accent, Speaker Accent and Switch Accent Cover. Offered as individual components or choose all three for a finished look. The Dash Accent and Speaker Accent are available with 21 colors in 3 brightness levels that allow you to customize your fairing and light the gauges with separate rotary controller (754044). Unlimited color, brightness and programming options with bluetooth controller (754273) or add to your existing Shock & Awe® lighting kit. Flash and fade modes provide ultimate customization. Lighted versions require a separate controller or used as an expansion to the Shock & Awe® lights. Speaker and dash accents are also available unlit for a truly no fuss installation. **Note:** Lighted dash accents works with both the original Shock & Awe® Lights and the new 2.0 version.

754044	Shock & Awe® Rotary Controller
754273	Shock & Awe® 2.0, Controller Kit

Fits: Fairings on 2014 and newer Harley-Davidson® FL models.
754045/754046 speaker accents do not fit stage 2 boom audio fairing speakers. **754047/754048** dash accents fit stage 2 boom audio. Dash installation requires removal of factory dash decal on Screamin' Eagle CVO models only.

754050 Ignition Switch Accent (chrome)

Fits: Fairings on 2014 and newer Harley-Davidson® FL models.

See Page 33 for Details & Functions.

SADDLEBAG EXTENSIONS

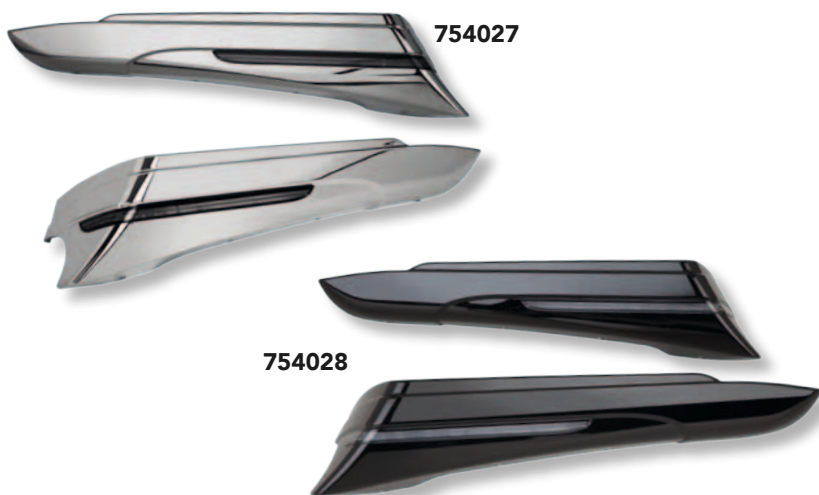

Give your bike that smooth, lower, custom look with **Ciro®** Saddlebag Extensions. Built by real riders, our saddlebag extensions were designed to maintain lean angle clearance so you don't need to make any compromises in the corners. Manufactured from the same ABS material as your original equipment bags; these extensions are tough and built to last. Plug-n-play connector works with your OEM wiring giving you increased visibility and style with L.E.D. running, turn, and brake lights on the sides and back to make sure you're seen from all angles.

ZPN	Description

754180 Servo Harness Cover

SERVO HARNESS COVER

The Ciro® Servo Harness Cover hides the unsightly wiring coming from behind your air cleaner with a clean chrome and black piece that bolts right on. Follows lines of pushrod tubes.

ZPN	Description
754180	Servo Harness Cover

Fits: '08-'16 Harley-Davidson® Touring models including: Ultra Classic FLHTCU, Ultra Limited FLHTK, Street Glide® FLHX, Road King® FLHR, Electra Glide® FLHT, FLTR Road Glide®

Note: Works with most aftermarket air cleaners.

754158 Shift Linkage Cover (chrome)

SHIFT LINKAGE COVER

Dress up your shifter with a brand new design from Ciro®. This kit includes everything you need to bring a smooth, modern style to your shift rod and arms.

ZPN	Description
754158	Shift Linkage Cover (chrome)
754159	Shift Linkage Cover (black/machined)

Fits: Factory shift linkage on '01-'16 Harley-Davidson® Twin Cam Touring models (except Screamin' Eagle CVO).

754178 Engine Stabilizer Link Cover

ENGINE STABILIZER LINK COVER

Fix the eyesore of the engine stabilizer with this smooth chrome cover that will make it melt right into your bike.

ZPN	Description
754178	Engine Stabilizer Link Cover

Fits: '09-Up Electra Glides®, Road Glides®, Road Kings®, Street Glides®, Tri Glides®

ENGINE ACCENTS/COVERS

Ciro® offers a number of twin cam engine covers and accents to make your ride shine. Careful thought has gone into the design to make these covers install easily and look great. The Lifter Block Cover fills the void between the cylinders and engine case finishing off the lower part of the engine. Cover up unsightly spark plug boots and head bolts with Ciro® Spark Plug Huts. The Cylinder Base Cover brings a modern look to the classic twin cam engine. Give the engine a contrasting look with the optional black accents.

ZPN	Description
754119	Cylinder Base Cover (chrome)
Fits: '07-'16 Electra Glides®, Street Glides®, Road Glides®, Road Kings®, Trikes & '06-Up Dyna models.

PREMIUM SMARTPHONE/GPS HOLDERS WITH CHARGER

Never worry about draining your phone battery while riding again! The New Ciro® Premium Smartphone/GPS Holder has a built in 1.3 amp USB plug-in so you'll be able to charge as you ride. Using the included wiring harness, connect to any 12v source and then just plug in your device using the appropriate customer supplied charging cable. Designed to be quick and simple, adjust it once to fit your device and then just flip the lever to lock into the rubber overmolded fingers to hold securely. Adjusts from 2-1/2" to 3-1/2" wide to fit a variety of devices. If a charger isn't needed, no problem, choose the Smartphone/GPS Holder (page 74). Multiple mounts are available so you can choose the location you prefer.

ACCESSORY BALL MOUNTS

You pick the location and **Ciro®** has the mount. Each accessory mount works with the patent pending **Ciro®** ball mount system used to mount the Smartphone/GPS Holder, the Drink/Cup Holder, or the Action Camera mount. Using this simple ball mount design, you may easily remove your accessory when not in use, and the mount blends right in with the rest of your bike.
