CIRO SMARTPHONE & CAMERA MOUNT KITS

These accessories allow you to mount your phone or camera to any Ciró ball stud. Has bolt patterns and stud mounts for most common phone and camera mounts. When you do not want to worry about draining your phone battery while riding again, we suggest the Ciró Premium Smartphone mount with its built-in 1.3 amp USB plug, so you can charge as you ride using the USB cable from your device. The CyberCharger is best for you when you have a Smartphone that supports wireless charging. Mk II CyberChargers feature a slim arm design that allows additional clearance for the buttons on certain models of smartphones. An upgrade kit to change a Mk I into Mk II is also available. The Budget and Premium holders fit devices from 2 1/8" to 3 1/2" (54 to 89mm) wide, the CyberCharger takes devices from 2 3/8" to 4" (60 to 102mm) wide. For action cameras we have a specific adapter available.

777343 Armor taillight with license plate illumination, smoke lens

777344 Armor taillight without license plate illumination, red lens

777345 Armor taillight without license plate illumination, smoke lens

KELLERMANN DAYRON DAYTIME RUNNING LIGHTS FOR PAN AMERICA

NEW Kellermann 

Kellermann Dayron is the intelligent daytime running light (DRL) system with smart control and ECE approval. Dayron lights are unmatched as they are the brightest lights in the market, ensuring maximum visibility. The use of Daytime Running Lights for motorcycles is mandatory in a growing number of countries to increase road safety through better visibility. Drive lights, spotlights and fog lights, often referred to as "auxiliary lights", are no Daytime Running Lights and may only be used when visibility is less than 50 meters. One Dayron daytime running light delivers the maximum light output of 1,200 candela, providing the 2,400 candela legal maximum light output for two lights. This is way more than the stock DRL's on these models. The Kellermann Dayron is the world's first high-performance Daytime Running Light for motorcycles with intelligent light control. Two Dayron lights with the TechnikSet form a system that can be fully integrated into the onboard electronics. This complete system solution can be installed by plug & play, so no manual switching is necessary. A light sensor automatically switches to the low beam in darker light conditions. At the same time, the daytime running light is dimmed to position light. Dayron Innovation lights and all parts are sold individually. Please order two Dayron lights and the matching TechnikSet for your model for easy installation.

Dayron Innovation lights with Pan America-specific mounts

- 745423** Dayron Innovation cold white DRL light, each
- 745425** Dayron I-Innovation cold white DRL light with integrated amber turn signal, each

CIRO ARMOR TAILLIGHTS FOR TRIKES

NEW 

Drivers behind you will notice you with these lights. The distinctive design looks great on or off and features ultra-bright run, turn and brake capabilities. A unique start-up animations gets things going as soon as the ignition is turned on. Lights come with both black and chrome accents, up to you which ones you install. These lights are designed for use on Trikes produced for the USA domestic market and do not fit HDI International Export Trikes with a VIN that starts with 5HD. For this reason these lights also do not have E-approval.

CIRO LIGHTED SADDLEBAG LATCH COVERS FOR TOURING

NEW 

Ciro streamlined the look of a lighted alternative for your OEM hinge covers and reflectors to transform the look of your saddlebags. Available with a light smoke or red lens, featuring red run and brake lights plus animated red turn signals. They come with quick disconnect, plug-n-play harness for easy saddlebag removal.

Fits all 2014 to present Electra Glide, all 2014 to present Road King, all 2014-2023 Street Glide and all 2014-2023 Road Glide

- 777331** Black hinges with red lens
- 777332** Black hinges with smoke lens
- 777333** Chrome hinges with reds lens
- 777334** Chrome hinges with smoke lens

CIRO LIGHTED TOUR BLADES TOUR-PAK LIGHTING

NEW 

The Giro Tour Blade LED light is the cleanest way to add more light to the back of your bike. The low profile light strip fits between your backrest and Tour-Pak to blend seamlessly into the motorcycle, while also adding bright sequential amber turn signals, red running lights and a red center brake light. Easy to install, requires no separate electronics.

Fits Tour-Pak equipped 2014 to present Touring and Tri Glide Ultra Classic

777341 Giro Tour Blades

CIRO TOUR-PAK LIGHTSTRIKE STREAK LIGHTS KITS

NEW 

Control these Tour-Pak lights with Giro's free Lightstrike app that allows you to control over a hundred different lighting combinations with Giro Lightstrike accessories. These 3D contoured trunk lights have a perfect fit and feature red automotive led run, turn and brake signals with a Plug-N-Play installation.

Fits 2014 to present Touring and Trike with King, Chopped and detachable Tour-Pak

- 777327** Streak lights, black with red lenses
- 777328** Streak lights, black with smoke lenses
- 777329** Streak lights, chrome with red lenses
- 777330** Streak lights, chrome with smoke lenses

CIRO LIGHTED SADDLEBAG FILLER PANELS

NEW

These Ciro Filler Panel Lights complete the rear end of many Touring models by filling the large unsightly gaps with a smooth, flowing chrome or black accent and LED light. This part dramatically increases visibility from the rear by incorporating ultra-bright turn signals along with low intensity running lights and high intensity brake lights. Check out the Saddlebag Extensions to really finish the rear end of your bike and create that full-custom look. Easy plug and play installation. Lights are DOT-compliant.

Fits 2014 to present FLHP Road King Police, FLHTCU & FLHTCUL Electra Glide Ultra Classic, FLHTK & FLHTKL Ultra Limited, FLTRK Road Glide Limited, FLTRU Road Glide Ultra, 2014-2022 FLHR Road King, 2019 to present FLHT Electra Glide Standard, 2021 FLH Revival, 2022-2023 FLHXST Street Glide and FLTRXST Road Glide as well as 2023 FLHFB Electra Glide Highway King. Also fits 2014-2022 CVO Ultra's when the stock filler panels are removed

- 754029** Chrome with clear lens, red run, tail and brake lights and amber turn signals
- 754030** Black with clear lens, red run, tail and brake lights and amber turn signals
- 777306** Chrome with clear lens and red run, tail, brake and turn signal lights
- 777302** Black with clear lens and red run, tail, brake and turn signal lights
- 777308** Chrome with red lens and red run, tail, brake and turn signal lights
- 777304** Black with red lens and red run, tail, brake and turn signal lights

Fits 2014 to present FLHX & FLHXS Street Glide, 2015 to present FLTRX & FLTRXS Road Glide and 2017 to present FLHRXS Road King Special

- 754193** Chrome with clear lens, red run, tail and brake lights and amber turn signals
- 754194** Black with clear lens, red run, tail and brake lights and amber turn signals
- 777309** Chrome with smoke lens and red run, tail, brake and turn signal lights
- 777305** Black with smoke lens and red run, tail, brake and turn signal lights
- 777303** Black with red lens and red run, tail, brake and turn signal lights
- 777307** Chrome with red lens and red run, tail, brake and turn signal lights

Fits 2010-2013 FLHX Street Glide and FLTRX Road Glide Special

- 754195** Chrome with red run, tail and brake lights and amber turn signals

CIRO FANG LIGHTS FOR ULTRA STYLE LOWER FAIRINGS

NEW

These lower fairing lights feature Ghost Lens Technology with bright white running lights and amber turn signals with polycarbonate

clear lenses. The 180 degree side to side light pattern improves side visibility but gives no restriction to airflow.

Fits the stock lower fairings and Ultra-style accessory lower fairings (OEM 57100258 and 770887) on 2014-2016 Touring, 2021 to present 107 and 114 CI Touring, 2021-2023 117CI Touring and 2014 to present Trike

- 777300** Fang lower fairing lights, black
- 777301** Fang lower fairing lights, chrome

CIRO CALADE REAR LIGHTS FOR TRI GLIDE

NEW

Inspired by classic, luxury automotive design, the Calade tail lights are the most exciting lighting product for your Tri Glide. Packed with the power of a combined 128 LEDs, this lighting system shows the world you have arrived; safely and with style. Lights are red for turn, run, brake and taillight and white for reverse.

Fits all 2009 to present Tri Glide, 2009-2013 models require ZPN 754387 retrofit wiring harness kit

- 754388** Calade lights with black trims, set for left and right
- 754389** Calade lights with chrome trims, set for left and right
- 754387** Retrofit wiring harness kit to install Ciro Machete lights on 1993-2013 Touring or Ciro Calade lights on 2009-2013 Trike

V-TWIN PERFORMANCE SPARK PLUGS

NEW

V-Twin performance spark plugs features a copper core electrode for a longer service life, nickel plated housing, 95% pure alumina insulator and a heat crimping process to ensure a leak free seal.

Fits 1986-2022 Sportster, 1995-2010 air cooled Buell and 1999-2017 Twin Cam

- 795144** V-Twin 32-6691 Performance spark plug, set of two (OEM 32362-04)
- Fits 2017 to present Milwaukee Eight and 2015-2020 XG Street**
- 795145** V-Twin 32-1325 Performance spark plugs, set of two (OEM 31600012)

RBW-SKULL RIDE MODE SELECTOR FOR HARLEY-DAVIDSON WITH THROTTLE BY WIRE

Ride By Wire, 5 performance modes for your Harley-Davidson.

A very easy to install accessory that allows the rider to change throttle response with just a turn of the skull handlebar mounted switch. Works with stock EFI-tuning but also with flashed tuning, piggyback EFI tuners, Diag4Bike, Thundermax and PowerVision.

The device offers five different modes:

- **Road:** Standard mode. No change to throttle response, everything remains as you had it
- **Easy-Rider:** Lazy-ride mode. Smooth and relaxed. Perfect for city use, smooth and relaxed. Reduces engine temperature and fuel consumption
- **Storm:** Rain mode. Ensures 100% safe riding in adverse weather conditions, reducing stress for the rider
- **Freedom:** Sports mode. Offers a sporty and comfortable ride, capable of catapulting you out of corners with maximum speed combined with maximum comfort
- **Anarchy:** The race or track mode for experienced riders who want all the power right away. Opens all potential in a flash of a second. The RBW-Skull is plug-and-play and can be installed in 10-20 minutes. A separate smooth styled knob is available for those who prefer a less pronounced design.

Fits 2008-2013 Twin Cam Touring

- 753954** Black, fits throttle side
- 753955** Chrome, fits throttle side
- 753958** Black, fits clutch side

Fits 2014-2015 Twin Cam Touring

- 753952** Black, fits throttle side
- 753953** Chrome, fits throttle side
- 753957** Black, fits clutch side

Fits 2016 Twin Cam Touring, 2017 to present 107 & 114CI Milwaukee Eight Touring, 2018-2023 117CI Touring, 2016-2017 FXDLS Low Rider S, 2016-2017 Twin Cam Softail and 2018 to present Milwaukee Eight Softail

- 753950** Black, fits throttle side
- 753951** Chrome, fits throttle side
- 753956** Black, fits clutch side

Optional adaptor cables

- 753959** Adaptor cable to install 753950, 753951 or 753956 on 2008-2013 Touring
- 753960** Adaptor cable to install 753950, 753951 or 753956 on 2014-2015 Touring

Accessories

- 753961** Smooth knob, black
- 753962** Smooth knob, red
- 753963** Smooth knob, gold
- 753964** Smooth knob, blue

FEULING HEAD BREATHERS FOR MILWAUKEE EIGHT

The Factory plastic OEM breathers can be problematic as the material easily distorts, especially after seeing excessive heat. Then the internal umbrella valve struggles to seal, causing oil carry over. Another issue found with the OEM breathers is cracked and or broken exit nipples which can be caused by heat distortion and or improper fit and poor installation. Feuling cylinder head breathers are machined from billet 6061 aluminum with square surfaces, promoting excellent umbrella valve sealing, longer main breather exit nipples with dual O-rings to promote better breather system sealing. Properly sized breather inlets and location for optimum engine breathing. Unique design maximizes breather volume and allows for easy serviceability. Breather bodies have multiple drain ports located on the inside lower, ports are chamfered on ID to allow easy drainage yet squared off on exits to deter filling from splash oil. Anodized Feuling red. Kits include: billet breather housings, billet covers, breather filter elements, umbrella valves and quality hardware.

Fits 2017 to present 107 and 114CI Touring, 2018-2023 117CI Touring, all 2017 to present Trike and all 2018 to present Softail

- 743919** Feuling Milwaukee Head cylinder head breather kit (OEM 29400183 & 29400210)

S&S HEAD BREATHERS FOR MILWAUKEE EIGHT

S&S Cycle Billet Head Breathers are crafted from premium 6061 aluminum and anodized in the iconic S&S Blue. Breathers feature a dual O-ring design, ensuring a superior seal in the head, minimizing leaks, and maximizing performance. They also feature a unique Labyrinth design to significantly reduce oil pass-through, keeping your engine running cleaner and smoother with reduced emissions as it burns less oil.

Fits 2017 to present 107 and 114CI Touring, 2018-2023 117CI Touring, all 2017 to present Trike and all 2018 to present Softail

- 795129** S&S Milwaukee Head cylinder head breather kit (OEM 29400183 & 29400210)

MAGNETIC DRAIN PLUG

These plugs will work on either OEM or Zodiac inner primary covers. The magnet in the drain plug prevents small pieces of metal, coming from primary chain wear, entering the lubrication system of your engine.

Fits 4 Speed Big Twin 1965-1986 and 1991-2003 Sportster

- 233583** Magnetic type, zinc plated, hex head drain plug with washer, V-Twin Mfg. (OEM 60346-65, 60348-65B, 706A)
- 723129** Magnetic type, zinc plated, Colony (OEM 60346-65, 60348-65A)
- 723130** Magnetic type, chrome, Colony (OEM 60346-65, 60348-65A)

Oversized 9/16"-18 threaded repair plugs

- 723117** Magnetic type, zinc plated, Colony
- 723118** Magnetic type, chrome, Colony

Fits all 1987-2003 Big Twin

- 720178** Magnetic NPT drain plug (OEM 734, 739 and 739A)

REBUILD KIT FOR KEIHIN "BUTTERFLY" CARBURETOR

The most complete rebuild kits available, containing 17 pieces, including carburetor to air filter gasket, carburetor to manifold gaskets and O-rings in standard material.

- 747491** Kit with standard O-rings, Cycle Pro (OEM 27006-76)
- 790089** Kit with standard O-rings, Genuine James (OEM 27006-76)

ARLEN NESS 10-GAUGE DERBY COVERS

CNC machined from billet aluminum with an anodized finish.

Fits 1999-2017 Dyna, 2000-2018 Softail, 2009-2015 Trike, 1999-2014 Touring and 2015 Touring (except 2015 FLTCUL & FLHTKL "Low" models)

- A700016** 10-Gauge derby cover, all black
- A700017** 10-Gauge derby cover, chrome
- A700018** 10-Gauge derby cover, black cut
- A700019** 10-Gauge derby cover, blue
- A700020** 10-Gauge derby cover, gold
- A700021** 10-Gauge derby cover, orange
- A700022** 10-Gauge derby cover, red
- A700023** 10-Gauge derby cover, titanium

Fits 2015 FLHTCUL Electra Glide Ultra Classic Low, 2015 FLHTKL Ultra Limited Low, all 2016-2022 Touring, 2023 to present standard Touring (non-CVO) and all 2016 to present Trike

- A700000** 10-Gauge derby cover, all black
- A700001** 10-Gauge derby cover, chrome
- A700002** 10-Gauge derby cover, black cut
- A700003** 10-Gauge derby cover, blue
- A700004** 10-Gauge derby cover, gold
- A700005** 10-Gauge derby cover, orange
- A700006** 10-Gauge derby cover, red
- A700007** 10-Gauge derby cover, titanium

S&S COMPENSATOR RAMP FOR MILWAUKEE EIGHT

The S&S Cycle Heavy Duty Compensator Ramp for Milwaukee Eight is built to handle the demands of upgraded horsepower and torque. It is engineered with the highest-quality materials and advanced manufacturing techniques. With durability at its core, this upgrade ensures long-lasting performance and peace of mind mile after mile. CNC machined from 9000 series steel and then heat-treated and coated for superior strength and corrosion resistance.

Fits 2017 to present Touring, 2017 to present Trike and 2018 to present Softail
795140 S&S billet steel compensator ramp

"EASYBOY" LITE-CLUTCH BY PROGRESSIVE SUSPENSION

Progressive Suspension claims that the Easyboy Lite-Clutch reduces the manual effort required to pull the clutch lever by 40% which lessens rider fatigue and provides smoother easier clutch action. Ideal for women riders or those of us who constantly find themselves caught in stop-and-go traffic. Installation instructions are included with each kit. Not suitable for models with hydraulic clutch.

233681 Fits 5 Speed Sportster 1991-1993
763687 **NEW** Fits XL Sportster 2004-2022

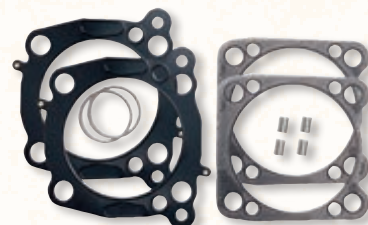

BDL PRIMARY CHAIN DRIVE KITS

BDL's chain drive comes complete with their Competitor Clutch for absolute transfer of power to the rear wheel. The 7-plate Aramid fibers clutch provides at least 60% more clutch surface than stock. The 9-spring pressure plate provides varying spring pressure needed for stock to seriously tuned Big Bore and strokers. Kit includes front compensating sprocket, complete rear basket with Competitor Clutch, Diamond primary chain, primary chain adjuster, installed 66 tooth starter ring gear as found on 1990-1993 models and the matching 9 tooth starter motor pinion gear that also works in later models.

Fits 1990-2006 Softail and 1991-2005 Dyna
763026 BDL chain drive primary kit

S&S BIG BORE GASKETS FOR MILWAUKEE EIGHT

Kits with two of each head, base and exhaust gaskets as supplied with S&S Big Bore cylinder kits.

Fits 124, 128 & 131CI 4.25" bore S&S Big Bore kits
795080 Head, base, and exhaust gasket kit

Fits 129 & 132CI 4.32" bore S&S Big Bore kits
795128 Head, base, and exhaust gasket kit

TSUBAKI MOTORCYCLE CHAIN FOR HARLEY-DAVIDSON

Advanced technology motorcycle chain from the world's largest chain manufacturer. Applying knowledge gained from racing, Tsubaki has designed and manufactured a superior chain to go the distance. Tsubaki chains have been engineered to exacting standards to guarantee long life and smooth operation for any ride or distance.

Tight precision assembly withstands high impact and resists kinking. The chain has perfectly cylindrical bushings and is pre-stressed and pre-stretched for decreased initial elongation and increased wear life while the quad-staked riveting of the pin heads ensure maximum resistance to push-out force. Tsubaki chains are competitively priced and are backed by full warranty. Chains come with a rivet style master link. For the Delta series clip style links can be ordered separately. There are no clip style master links for RQ series chains as clip style links are considered as unreliable for use with more than 50 BHP.

Delta Series Self-Lubricating Nickel Plated chain

- 235162** Delta 530 series chain, 110 links
- 235163** Delta 530 series chain, 120 links
- 235164** Delta 530 series chain, clip style master link

RQ 530 Series O-ring chain

- 711784** RQ 530 series chain, 104 links
- 711785** RQ 530 series chain, 106 links
- 711786** RQ 530 series chain, 110 links
- 711787** RQ 530 series chain, 112 links
- 711788** RQ 530 series chain, 114 links

CHROME 8-HOLE REAR WHEEL BELT PULLEY INSERTS

2 YEARS WARRANTY

These easy to install inserts feature beautiful chrome-plating on precision-formed deep dished steel covers for an exact fit on OEM style rear wheel belt sprockets.

Fits 1991-2003 Sportster

- 302039** Chrome insert for 61 Tooth rear wheel belt sprocket, includes chrome button head bolts, Genuine Zodiac (OEM 40279-91)

Fits 1980-1999 Big Twin

- 302040** Chrome insert for 61 Tooth rear wheel belt sprocket, Genuine Zodiac (OEM 40284-90)
- 302064** Chrome insert for 65 Tooth rear wheel belt sprocket, Genuine Zodiac (OEM 40317-94)
- 302065** Chrome insert for 65 Tooth rear wheel belt sprocket, includes Torx style button head bolts and 3/8" drive Torx bit, Genuine Zodiac (OEM 40317-94)
- 301655** Chrome insert for 70 Tooth rear wheel belt sprocket, includes Torx style button head bolts and 3/8" drive Torx bit, Genuine Zodiac (OEM 91733-85)

Fits 2004-2006 Touring with stock 70 tooth rear wheel pulley

- 795164** Chrome insert for 70 Tooth rear wheel belt sprocket, V-Twin Mfg.

Fits 2000-2005 Dyna

- 795165** Chrome insert for 70 Tooth rear wheel belt sprocket, V-Twin Mfg. (OEM 91346-00)

758444 Round full floating disc
758445 Wave design full floating disc
749867 Cubiq design full floating disc
749868 Cubiq design fixed disc

CIRO CHICANE FOOT PEGS

Chicane Footrests are the essential component for foot comfort. The durable EPDM rubber inserts grab your foot and dampen vibration. With a side lip that mitigate "slip off" the style and performance of these footrests are game changers for rider comfort. Pegs come with 360 degrees lockable rotating male mounts for standard Harley applications. For other applications, a set of suitable adapters must be ordered separately.

CIRO CHICANE GRIPS

NEW 

Chicane Grips give superior feeling of control and vibration dampening in a cool looking package. The metal cage surrounds EPDM rubber pads all over a polymer base that is super durable for years of excellent performance. The separately available accessory Chicane Throttle Wing is adjustable to reduce fatigue. Providing a more enjoyable ride by allowing the weight of your wrist to maintain the throttle. Fits left or right side Chicano grips.

Cable style, fits all Shovelhead, Ironhead Sportster, Evolution Big Twin and Twin Cam with cable operated throttle

CIRO FLOORBOARD HIGHWAY PEG MOUNTS

NEW

Ciro Adjustable Floorboard footrest mounts are a revolutionary solution to the challenge of adding comfortable highway pegs on a bike with floorboards. Ciro started at the motorcycle frame and then worked their way out. The result is the strongest, cleanest looking, and most practical highway peg mount ever. It is fully adjustable, mounts to factory bolt locations, replaces the factory front floorboard mount and comes complete with hardware. Works with Ciro or any other standard male mount pegs.

Fits 2009 to present 96, 103, 110 and 114CI Touring, 2018-2023 117CI Touring and 2009 to present Trike

This metal and rubber brake pad adds style and function with a slightly larger surface than the stock pad. Created as a stand-alone part or better yet, the final touch to transforming the bike with the entire line of Chicane products from Ciro.

Fits 1980 to present Touring, all 1986-2017 floorboard equipped Softail and 2012-2016 FLD Switchback

777355 Ciro Chicane brake pedal pad, black

777356 Ciro Chicane brake pedal pad, chrome

CIRO ENGINE GUARD HIGHWAY PEG KITS

Ciro engine guard highway peg mounting kits are the modern solution for motorcycles equipped with 1 1/4" (32mm) diameter engine guards. The Giro pinless patent pending design is the strongest and most elegant solution of any engine guard mounting clamp in the motorcycle market today. The ratcheting foot peg clevis is far superior to the D-spring technology of days gone by, but if you need to use your D-spring it still works. Available for use with H-D style male peg mounts with traditional D-spring or for mounting Giro foot pegs without mounts. Mounts to any straight piece of 1 1/4" (32mm) round tube. Also available with the Giro 4" (10 cm) ergonomic extensions.

CIRO CHICANE FLOORBOARDS

Floorboards can define the look of a motorcycle. The Chicane Floorboards grab your eye immediately with their design, but they are not just a pretty face. Engineered for ultimate rider comfort and performance in all road conditions. These floorboards redefine floorboard performance. They are 3 1/2" (8.9cm) longer than stock footboards, feature vibration dampening EPDM rubbers and six different mounting positions including 1/2" forward, 1/2" back and 1/2" outwards. The front toe section is slightly raised for comfort. **Driver floorboards replace the stock boards on:**

- 1980 to present Touring
- 2009 to present Trike
- 1986 to present FL Softail
- 2012-2016 FLD Switchback

DMP LEGACY GAS TANK FOR MILWAUKEE EIGHT SOFTAIL

NEW DMP

Get the Old School look on your Milwaukee Eight Softail with this DMP Legacy gas tank. It is a pretty simple plug and play solution. All required hardware is included. Tank hold 3.3 US Gallon (12.5 Liter). Works with most stock and aftermarket seats on 2018 to present FXBB & FXBBS Street Bob and FXST Standard. Other Milwaukee Eight Softail models may require seat modification or dash relocation. Tank must be used with a XL Sportster style gas cap like: ZPN 747395.

739539 DMP Legacy gas tank for Milwaukee Eight Softail

LOWBROW CUSTOMS KING P-NUT FRISCO GAS TANK

NEW LOWBROW CUSTOMS

The King P-Nut gas tank is unique in that it allows full use of the fuel because of the left-side, 1/4" NPT petcock bung and the small gas filler moved up high on the tank. Being that this is a Frisco mount gas tank it sits high up on the backbone of your frame. If your filler cap is back too far, you can't fill the tank to the top without it spilling out. This gas tank was designed for universal use as it can be mounted with basic fabrication techniques, such as welding some threaded top hat bungs into the backbone of your motorcycle frame. The King P-Nut was also designed to simply bolt-on to 1986-2003 Sportster using Lowbrow Customs gas tank adapter brackets ZPN 790224.

790226 King P-Nut Frisco 2.4 US Gallon (9 liter) gas tank

790224 Bracket kit for 1982-2003 Sportster

FXDWG DYNA WIDE GLIDE GAS TANK

NEW

Bobbed gas tank is dual cap type for carburetor models. It features a left side fuel gauge bung, and a right side screw bung but does not have the internal wires for the gauge. Takes stock style fuel gauge and stock style screw-in gas cap. Takes 5.1 US Gallon (19.3 Liter) and 1997-2003 dash cover.

Fits 1997-2003 carburated FXDWG Dyna Wide Glide, 2001-2003 carburated FXDP Dyna Defender and 1999-2000 carburated FXDS-CONV Dyna Glide Convertible

795139 Bobbed 5.1 Gallon FXDWG gas tank (OEM 61039-96)

LOWBROW CUSTOMS NARROW SPORTY FRISCO GAS TANK

NEW LOWBROW CUSTOMS

This custom gas tank holds approximately 2.5 gallons (9.5 liter) and will give your bike style for miles. It is based on a highly modified Frisco-mount Sportster gas tank, perfect for custom bikes, bobbers and choppers. Features one-piece stamped 16-gauge steel top and bottom, TIG welded tank seams and mounting tabs. Comes with a vented, aluminum, 1-5/16"-12 thread gas cap and has a bung that accepts Harley-Davidson style 22mm petcocks.

790219 Narrow Sporty Frisco gas tank

REPLICA OBSOLETE DECALS BY RUST IS GOLD CO.

The enthusiasts of the Belgian Rust Is Gold Co. have spared time nor effort nor expenses to make accurate as possible reproductions of since long obsolete original tank emblems. The material used is not necessarily the same as the original, but the colors and designs are. These decals from Rust Is Gold Co. are of outstanding quality, not the "Ali El Cheepo" pixelated decals you can buy online. You probably don't want to spend hundreds in a paint job and bury cheap stuff in it. Decals are for restoration purposes and supplied in sets for both left and right but note that metal emblems may be pictured but are not included.

1988 FXSTS 85th Anniversary Edition Softail Springer

Water application is recommended, acrylic clearcoat mandatory. Pin striping not included as these were originally painted.

777154 Set of two "85 years" winged Harley-Davidson bar-n-shield logos, white, grey, gold, silver and orange (OEM 14221-88 & 14222-88)

1988-1989 FXSTS Softail Springer

SPORT GLIDE STYLE SOFTAIL DETACHABLE SADDLEBAG KIT

Clamshell style hard bags as stock on 2018 to present FLSB Sport Glide, 2022 to present FXLRST Low Rider ST and 2022 FXRST Low Rider El Diablo. Bags are made from ABS plastic and fiberglass, hold 25 Liter each and have a Vivid Black painted finish. They are easy to load and unload and can be opened single handed while you are still in the seat. The lockable saddlebag lids feature damping devices for smooth opening. The bags can be removed in seconds with the internal locking quick-release mechanism. Bags are supplied in sets for left and right and include mounting hardware. Docking hardware kit is stock on FLSB, FXLRST & FXRST and must be ordered separately for FXLR & FXLRS. The FXLR & FXLRS also require the separate purchase of a rear turn signal relocation kit. Models with aftermarket exhaust systems may require a saddlebag support relocation kit.

Fits 2018 to present FLSB Sport Glide 770893 Saddlebag kit, stock replacement, Vivid Back

Fits 2018 to present FXLR & FXLRS Low Rider, stock replacement for FXLRST & FXRST Low Rider

Required installation parts for models with aftermarket exhaust systems 737309 Saddlebag support relocation kit

SADDLEBAG ORGANIZER INSERTS

NEW

You probably know what happens when you put smaller items in your side bags: they move themselves under the bigger items and to dig them up again becomes a pain in the you-know-where. These easy to install (or remove!) inserts are the perfect solution for this. They fit in the top of the bags, directly under the lids. Great for your key ring, wallet, cell phone, sunglasses etc. Strong plastic trays are supplied in sets for left and right.

Fits 2014-standard style hard luggage on 2014 to present 103, 107 & 114CI Touring and 2018-2023 117CI Touring 770897 Saddlebag organizers for 2014 OEM style hard bags

AIROLUBE PLANT POWER DRIVE CHAIN LUBE

NEW **airolube**

Airolube Race Chain Lube has been specially developed for lubricating drive chains. This plant-based formula has been unprecedented adhesive power and provides safe lubrication and protection against corrosion. In addition, this chain lubricant lubricates all links of the chain and ensures lower friction between the links and parts. And lower resistance brings more horses to the wheel, of course. 0-ring safe!

791050 Airolube plant power chain lube, 100ml squeeze bottle

791051 Airolube plant power chain lube, 500ml squeeze bottle

TEARDROP TOOL KIT FOR SOFTAIL

Fits 1989-1999 Evolution Softail and 2000-2017 Twin Cam Softail
795175 Teardrop tool kit for Softail

Replacement parts

795176 Nylon tool bag pouch for Teardrop style tool box

You can never go wrong with this tool kit. It is supplied appropriately for Evolution and Twin Cam Softail and includes a nylon tool bag. The entire kit fits inside all teardrop style tool boxes.

REAR AXLE LOCKER TOOL

Axle locker tool acts as a third hand to help hold the left side welded axle nut. You will no longer need to find a helper to hold the nut or to reach around the tire to hold the nut yourself! The axle lock tool will hold the welded nut after setting the proper belt tension and

limit movement to the low side of the adjuster cam, this will stop the belt from losing its adjustment during torquing. Simply place the tool over the welded nut on the left side with the neck portion of tool resting over the swing arm. Hand screw the adjusting screw to take up any slack. Then you are able to torque the axle nut from the right side knowing that the welded nut will not turn.

Fits 2002-2022 Sportster, 2002-2017 Dyna, 2002-2017 Softail and 2002 to present Touring
795203 Axle locker tool
